Fairfax County has an open enrollment policy for all students. At Fairfax High School, students may enroll in any class for which they have completed the prerequisite courses. We encourage students to choose courses that both interest and challenge them while maintaining balance in their course load.

Student's Expectations:

- I understand the expectations regarding not only the quantity but the quality of work required in the classes I choose.
- I understand that Honors courses may have summer assignments that I am required to complete.
- **I understand that I may not make changes to my schedule after the last day of school (June 16th) except for the following reasons:**
 - I have too many or too few classes
 - Incorrect placement by grade (i.e. placed in English 10 instead of English 9)
 - Absence of a required course or pre-requisite not met
- I understand that requests to drop any courses require a drop packet which includes showing I have completed all assignments, stayed after school, and/or sought extra help in the course.
- I understand that requests for class changes must be approved and will only be considered if space is available at the **end of the first quarter**.

Parent's Requirements:

- I have read the course requirements for the courses that my student wants to enroll in.
- I understand the expectations for not only the quantity but the quality of work involved in those classes.
- I understand that the Honors course(s) that he/she wants to enroll in may have required summer assignments.
- I understand the drop policy as stated above in Student's Expectations and will support that policy.
